

NCBC 2018

March 10-14, 2018 • Paris, Las Vegas

Guest Speaker

Jessica M. Salamone, ScM, CGC

Risk Assessment for Hereditary Cancer in a Busy Clinic: What is it and why is it important?

Jessica M. Salamone, ScM, CGC

Board Certified Genetic Counselor

Director, Genetic Counseling & Cancer Risk Assessment

Elizabeth Wende Breast Care, Rochester, NY

Jessica Salamone is a board certified genetic counselor. She is a graduate of the Johns Hopkins University Genetic Counseling Training Program and currently is the Director of Genetic Counseling & Cancer Risk Assessment at Elizabeth Wende Breast Care, a large free-standing Breast Imaging Center in Rochester, NY. Jessica is also Adjunct Professor Rochester Institute of Technology, where she teaches medical genetics and introductory genetic counseling courses. Before joining Elizabeth Wende in 2012, Jessica worked at the University of Rochester Medical Center for 10 years, where she provided genetic counseling to patients in a variety of clinical settings, including reproductive, pediatric, craniofacial, and cancer.
